South Dayton Dump - additional thoughts on DQO/CSM review

Hello Leslie –

Please find attached CH2M HILL's review comments on CRA's June 2013 emailed submittals of the conceptual site model, table of screening levels, and DQO comments as revised by USEPA. These comments should be reviewed in conjunction with the email of 7/3/13, also attached.

We look forward to talking through this material on our call tomorrow.

Thank you.
